

EMIS Change 25-21

This change removes the SSN-Related Elements (GI590–Social Security Number and GI600–Last Four of SSN) from the Student Demographic (GI) Record. These elements were added for the e-trans collection, which does not exist, and are not currently reported in any collections.

SECTION 2.2: STUDENT DEMOGRAPHIC (GI) RECORD

Record Field Number	Data Element	Student (S)			S CS/STEM		SCR	G
		Initial	Mid	Final	Initial	Final		
GI590	Social Security Number							
GI600	Last Four of SSN							

Social Security Number Element

Record Field Number	GI590
Definition	Social Security Number of the student.

Valid Options

- _____ Nine digit Social Security Number
- _____ 000000000 (Default)

Reporting Instructions. The student’s Social Security Number is optional to report. If the LEA chooses not to report or does not have the student’s Social Security Number, report the default value.

Last Four of Social Security Number Element

Record Field Number	GI600
Definition	Last four digits of Social Security Number.

Valid Options

- _____ 0001-9999
- _____ 0000 (Default)

Reporting Instructions. The student’s Social Security Number is optional to report. If the LEA chooses not to report or does not have the student’s Social Security Number, report the default value.
