

EMIS Change 25-28

This change corrects language in EMIS Manual Section 2.9 that refers to the "Course Type." As there is no such element, this language will be corrected to refer to the correct element(s).

SECTION 2.9: STUDENT PROGRAM (GQ) RECORD

Major Program Code Groupings

205xxx Codes for Gifted Intervention Services not provided by Gifted Intervention Specialists.

The 205XXX program codes include settings in which gifted programs and services are provided to gifted students by staff other than the Gifted Intervention Specialist (GIS). Gifted services/programs provided within these settings must be differentiated according to each student's needs and contained in the student's Written Education Plan (WEP). These services are reported on the Student Program (GQ) Record. The 205XXX program codes do not need to be linked to a staff member, therefore an employee ID is *not* required to be reported. Courses taught by a GIS who is considered the teacher of record are to be reported with the appropriate gifted option in the [Student Population Element](#) ~~Course-Type-Element~~ and the appropriate subject code in the Subject Code Element on the Course Master (CN) Record.

Education Option Program Codes. Experiences or activities that may be provided in accordance with board policy to supplement the regular school program are considered Educational Options. These options may be used as additional curricular tools to expand, enrich, and improve students' experiences and perspectives. If the educational option is a course that will provide credit toward graduation, [report via the Course Master \(CN\) Record](#) ~~use one of the course types~~ instead of a program code.

Gifted Education Services Provided by Gifted Intervention Specialists. Settings in which gifted programs and services are provided to gifted students by the GIS. The GIS is not considered the "teacher of record" and does not assign grades. Gifted Services/ programs provided within these settings must be differentiated according to each student's needs and contained in the student's WEP. These services are required to be linked to the GIS and should be reported on the Student Program (GQ) Record with the employee ID of the GIS. Courses taught by GIS's who are considered the teacher of record should continue to be reported with the appropriate gifted options in the [Student Population Element](#) ~~Course-Type-Element~~ and the appropriate gifted subject codes in the Subject Code Element on the ~~Staff~~-Course Master [\(CN\)](#) Record.
