EMIS Change 25-40

This change includes updates to the CTE industry credentials for FY25. It also updates the table in Section 2.8.1 for FY25.

SECTION 2.8.1: ASSESSMENT AREA CODES

Table 1. Industry Credential (GW) Assessment Area Codes and Descriptions. The fiscal years represent the year(s) in which an Industry Credential is/was valid to be earned by students. Each fiscal year, a new column will be added and the oldest column—representing students who are no longer school-aged and so are no longer being reported via EMIS—will be deleted. There will always be eight fiscal years included in this table. For additional information on Industry Credentials, please see the Department's <u>Industry-Recognized</u> Credentials webpage.
